

**Sergio DeMello Team:**

**We are committed to Human Rights and Disaster Response**

### **About Sergio DeMello's team**

One of the arms of Peace and Freedom Organization, Sergio DeMello's team is a multidisciplinary team that works passionately to monitor the situation of human rights and fundamental freedoms, as well as a rapid response to disasters and crises. Established in 2019, this national team includes members from most Iraqi provinces, enabling it to cover and monitor many areas in Iraq.

### **Mission**

Our mission is to monitor the human rights situation in light of the escalating conflicts and crises in Iraq. We strive to raise awareness of violations of human rights and freedom of expression by issuing periodic reports, briefings and detailed documents.

### **Sergio DeMello's Notable work**

Our reports are one of our most important means of highlighting various aspects of human rights and freedom of expression in Iraq. Among our notable reports:

1. **Whips of repression**
2. **The Smoke Rain**
3. **Zaytun Bridge**
4. **Closed doors**

In addition to our reports, we also provide analysis, reports and quick briefings on events and emergency crises in Iraq as they occur.

### **Our role during the Corona pandemic**

The world has witnessed the global Corona pandemic, and our organization has played a prominent role in helping the local community during this crisis. We have carried out multiple and large-scale initiatives and campaigns along with the authorities and stakeholders during the spread of the pandemic to support the community and national efforts to confront this pandemic.

**Sergio DeMello's team strives to achieve positive change and ensure respect for human rights in Iraq, and we strive to achieve these goals through our continuous work and community partnerships.**
